Re: CAN-SPAM Act Rulemaking, Project No. R411008

To the Commissioners,

I strongly feel that the private market will be unable to achieve a more efficient allocation of resources. The private market will correct the SPAM epidemic. I believe that Microsoft, Google, or possibly a start-up will come up with a viable solution in the short term. Please don't stifle innovation in the United States of America.

Kill CAN-SPAM Project No. R411008

Respectfully,
